### **Net Zero Now**

Ole Hammarlund gives notice that tomorrow he will move, seconded by Steve Howard the following motion:

**WHEREAS** we have the technology to build Net Zero buildings now, which create as much energy as they consume;

**AND WHEREAS** the extra cost of building such buildings is offset in direct annual energy savings;

**AND WHEREAS** PEI needs to act immediately to reach the greenhouse gas emission targets that our province and nation have already agreed to;

**THEREFORE BE IT RESOLVED** that the Legislative Assembly urge government to with immediate effect design, build and fund only buildings that meet the Net Zero or beyond building standards ;
